## **“System For Material Determination” “SFMD”**

### **1. Why you need SFMD?**

The effectiveness of Dodd-Frank has made it mandatory for all American companies to ensure that the materials they use are Conflict-Free. Each electronics company is obliged to ensure that its products do not use any materials that have been sold for warfare or have been acquired by pregnant women or small children.

### **2. What is System For Material Determination also known as SFMD?**

System For Material Determination is a system developing by company OVERAX to confirm material origin which follows and meets The Dodd–Frank Wall Street Reform and Consumer Protection Act and OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas.

It is a comprehensive system consisting of:

1. On-line monitoring of all significant data in Client system
2. Chemical analyses
3. Statistical evaluation of all chemical analysis results

### **3. How I get access to data from SFMD?**

To gain access to data from the System For Material Determination, you need to be a client of OVERAX, s.r.o. and have a long-term contract at the same time.

For clients with only spot contracts, the output from system is limited.
